Format: Kindle eBook

Kurzbeschreibung

**From the bestselling author of *Day of Infamy*: In the bloodiest island combat of WWII, one group of men kept watch from behind Japanese lines.**

The Solomon Islands was where the Allied war machine finally broke the Japanese empire. As pilots, marines, and sailors fought for supremacy in Guadalcanal, Bougainville, and the Slot, a lonely group of radio operators occupied the Solomon Islands' highest points. Sometimes encamped in comfort, sometimes exposed to the elements, these coastwatchers kept lookout for squadrons of Japanese bombers headed for Allied positions, holding their own positions even when enemy troops swarmed all around. They were Australian-born but Solomon-raised, and adept at survival in the unforgiving jungle environment. Through daring and insight, they stayed one step ahead of the Japanese, often sacrificing themselves to give advance warning of an attack.

In *Lonely Vigil*, Walter Lord, the #1 *New York Times*-bestselling author of *A Night to Remember* and *The Miracle of Dunkirk*, tells of the survivors of the campaign and what they risked to win the war in the Pacific.

Synopsis

Called a stirring tale of forgotten heroes splendidly told by a master narrator, this saga of the valiant coastwatchers of the Pacific War exemplifies that rare combination of careful research and exciting narrative style that became a hallmark of Walter Lord's best-selling books. Though their importance has long been acknowledged, the coastwatchers had received relatively little attention until the publication of this book in 1977. The remarkable band of individualists, operating deep behind Japanese lines in the dark days of 1942-43, lived by their wits alone yet gave the Allies their best intelligence and rescued many a man from downed planes and sinking ships - including John f. Kennedy and his PT-109 crew. To piece their story together, Lord traveled 40,000 miles to interview participants, check archives, and examine private letters and diaries. He even made a three-day hike through the Guadalcanal jungle to inspect the coastwatcher hideout on Gold Ridge so he could successfully put readers in their shoes. The book's varied cast of intriguing characters has attracted readers ever since.
